

Click here for a message from our Principal

Our award-winning Digital Media, Art and Design department is thriving! Our learners leave us ready to work in the Creative Industries with impressive portfolios. We combine strong practical education with excellence in academic teaching to encourage reflective, critical artists, designers and media specialists, helping you to develop the knowledge and techniques you need to gain employment. Our facilities include exhibition spaces and art, design and media workshops. You will work and learn in modern, industry standard studios which include a Digital Photography Studio, Darkroom, TV, Film, Sound and Radio Studios, Digital 3D Fab Lab, Immersive VR Lab, Graphic Design Lab, Digital Media and Special Effects Lab, Printmaking, Fashion and Textiles Studio.

 Photographer  
 Interior Designer

"Our students develop strong creative and employability skills such as creative problem solving and project working skills which enable them to progress onto the next level of their course, to university, into employment and/or to an apprenticeship in this exciting and growing sector. Every year we have so many success stories including learners getting into the best universities, creating real design work for clients and films shown in cinemas around the country."

**Adrian Ponter, Curriculum Area Manager,  
 Creative Industries**

- Apprenticeships at Yeovil College
- Work Experience & Industry Placements
- YC Edge & Enrichment

## Did you know?

We are one of only a handful of recognised Institutes of Technologies (IoT) in the country, and the only one in South Somerset, which means that we are delivering a higher set of skills and knowledge within Creative Industries mapped to the government's skills agenda. We are in the process of making a huge capital investment into our Creative Industries workspaces and studios to ensure that they align to industry-standard environments, which make our students extremely employable within this industry. Well known former students include musician PJ Harvey and fashion designer Alice Temperley.
