

# INTERACT: HEALTH, SOCIAL CARE & EARLY YEARS

Click here for a message from our Principal

This is one of the most exciting times in our history to consider studying Health, Social Care and Early Years at Yeovil College. Not only are employment rates high, the industry is growing at a fast pace and our partnerships with key employers, including Yeovil District Hospital, enable us to equip learners with the skills and experience employers desire. We are inwardly investing a huge amount of capital into this curriculum area. Our significant investment in this area will firmly position us as market leaders and a college of choice. We will be building a dedicated, state-of-the-art hospital ward, innovative health training suites, digital dental surgery and clinical training environments.

"Make a difference! Our courses prepare you for university, work, apprenticeships and other routes into healthcare, social care, early years and the children's workforce. Be an integral part of someone's life journey and be proud of the difference you make. The Health, Social Care and Early Years team consists of lecturers who are industry professionals as well as holding teaching qualifications. Among the team are registered Social Workers, Midwives, and qualified childcare and early years professionals."

**Elle Wintersgill, Curriculum Area Manager, Health, Social Care and Early Years, Yeovil College**

## Did you know?

We are excited to be part of a new concept, the Institute of Technology (IoT), which enhances our Health and Social Care offering. Our provision will be unrecognisable as we deliver a state-of-the-art study zone. We will lead the educational sector and will continue to develop people who are ready to progress to both employment and university. Our learners undertake comprehensive and relevant work experience as a key part of their study programme. We are also delighted to offer a new Dental Apprenticeship which will be taught in our brand new digital dental labs.
