## **1. PURPOSE OF THIS POLICY**

- 1.1. Yeovil College offers a wide range of IT Resources, encouraging staff and learners' digital skills; supporting and developing independent and collaborative learning skills.
- 1.2. To use Yeovil Colleges IT Resources, Users must agree to the responsibilities and conditions outlined in this IT Acceptable Use Policy.
- 1.3. If you do not agree or understand any aspect of this policy you must log out, disconnect, or stop using the IT Resource immediately. If you need any guidance on this, please contact IT Services (01935 845321) / [helpdesk@yeovil.ac.uk](mailto:helpdesk@yeovil.ac.uk).
- 1.4. Students can refer to Appendix A 'Using IT Appropriately at Yeovil College' for a one-page overview of the key principles of this Policy. This overview is designed to help students understand the core principles of Acceptable Use of IT, to subsequently aid in their understanding of this Policy. Appendix A is designed to assist understanding, not as a substitute for students taking the time to read through this Policy and understand its detail.

## **2. SCOPE**

- 2.1. This policy applies to any activity undertaken both on college premises and off college premises, linked to Keeping Children Safe in Education - 3 September 2018. This includes anyone who uses any of Yeovil Colleges IT resources or services (including online services).

## **3. POLICY STATEMENT**

### **3.1. User Accounts & Access Control**

- 3.1.1. Access to Yeovil Colleges IT Resources is available via a User Account associated with an individual user.
- 3.1.2. Attempting to create, circumvent or elevate permissions of Users Accounts by any other method will result in disciplinary or legal action (in line with the Learner Disciplinary Policy<sup>1</sup> for

---

<sup>1</sup> Available at <https://www.yeovil.ac.uk/policies-reports/>

students, which include steps for referral of matters to the police where conduct may also constitute a criminal offence, or the Disciplinary and Grievance Policy for staff<sup>2</sup>).

- 3.1.3. Users must take all necessary precautions to prevent unauthorised access to their user and system accounts. This includes ensuring they do not share, loan, write down, email, publish or communicate their User Account details.
- 3.1.4. Attempting to obtain another User Account's details by any method will result in disciplinary or legal action (in line with the Learner Disciplinary Policy for students, which include steps for referral of matters to the police where conduct may also constitute a criminal offence, or the Disciplinary and Grievance Policy for staff).
- 3.1.5. Staff may be required to assist Learners with User Account details this must only be done with the Learners consent each time it is required.

## **3.2. User Account Creation**

### 3.2.1. Staff Accounts

- Line Managers must request User Accounts for staff via the Human Resources (HR) department. IT Services will only create, change, or delete accounts, under the direction of the HR department.
- Appendix B shows the staff account creation process.

### 3.2.2. Learner Accounts

- Learners' User Accounts will be automatically created 1 hour after being enrolled on an active course. If any alternations are required to a learner's detail, Users must request this via the iZone Team.
- Learners' User Accounts will be automatically given an individual password, which will be shared with the learner's enrolment details.

## **3.3. User Account Removal**

### 3.3.1. Staff Accounts

- Staff User Accounts will be automatically deactivated on the end date of their contract. This will be controlled via the HR department, reporting to IT Services. User

account data (OneDrive & My Documents) will automatically be archived by IT Services for 12 months, before automatic deletion. Email archives will be kept for 36 months, before automatic deletion. User accounts that need to have extended access, before automatic deactivation, will be controlled by HR. This will be reported to IT services, with a clear deactivation date. User archive data access will be controlled by IT Services and access requests must be made via email to the IT Helpdesk, to show a clear audit trail.

### 3.3.2. Learners Accounts

- Learners' User Accounts can be disabled at any time by a staff member contacting the Learning Resource Centre or IT Services. A clear reason will need to be provided for the request and the tutor must be informed of this decision. All non-active Learners User Accounts will be automatically disabled on the completion of their course end date. Learner user account data will automatically be deleted 3 months after their course end date.

## 3.4. **Guest Accounts**

- 3.4.1. IT Services may provide Guest User accounts. This is under the discretion of IT Services, who will assess security concerns before the creation or use of an account. Guest accounts can only be requested by a member of staff via the IT helpdesk, to show a clear audit trail. These will only be available for set periods of time, mainly to support visitor, exams or contractor needs.
- 3.4.2. All guest user accounts with internet access must be associated with an individual, records of the use of these accounts will be maintained by the IT Services Department.
- 3.4.3. Guest WIFI is available for authorised visitors. Please refer to the [BYOD](#) section for more information.

## 3.5. **Administration Accounts**

- 3.5.1. Administration permissions to the domain and local computers are limited to members of the IT Services department only.
- 3.5.2. Special access and administration permission to systems and applications will only be granted with the system owner's permission.

3.5.3. Special access & administration group membership will be monitored and reviewed monthly, for audit and control purposes.

### **3.6. Access Control**

3.6.1. Access to systems and resources are restricted by security permissions groups. To request additional access, please contact the IT Helpdesk for guidance or the system owners.

3.6.2. Access to IT Resources may be removed by system owners, the HR department or a member of the Senior Leadership Team by contacting the IT Helpdesk (helpdesk@yeovil.ac.uk).

3.6.3. All requests for permission changes must be requested by email to IT Services (helpdesk@yeovil.ac.uk) for a clear audit trail.

3.6.4. IT Services may monitor file access permissions. Any permissions deemed unnecessary or incorrect may be deleted at any time.

### **3.7. Passwords & Authentication**

3.7.1. Yeovil College requires all User Accounts to have a complex password, details of the complex password requirements are detailed in [Appendix C](#).

- Passwords must not be obvious or easy to guess.
- Passwords must be unique and must not be used for any other purpose or website.
- Passwords must be memorised and may not be saved unencrypted on electronic devices.
- Passwords may be changed at any time.
  - Staff should contact the IT Helpdesk for further assistance or advice on passwords.
  - Learners should contact the Learning Resource Centre or IT Services for further assistance or advice on passwords.
  - Alternatively, users can change their passwords in office.com, under their account settings.

- For the purpose of system security, IT Services may reset or otherwise disable access to an account at any time by approval of the IT Services Manager, Senior IT Services Engineer or HR.
- Passwords must remain strictly confidential, should never be written down or disclosed to anyone.
- Users are responsible for any activity which takes place while logged in using their User Accounts or college systems.
- IT User Accounts will automatically be locked out after 5 incorrect password attempts.
  - Staff accounts can be enabled again by contacting IT Services or on enabled Multi-Factor Authentication (MFA) services on Office.com. Three security questions may be asked against college data, to clarify user identity, prior to enabling the account.
  - Learner accounts can be enabled by the Learning Resource Centre, IT Services or enabled MFA services on Office.com. Three security questions may be asked against college data, to clarify user identity, prior to enabling the account.

3.7.2. The National Cyber Security Centre (NCSC) has published an article called "[Three random words](#) or [#thinkrandom](#)" which provides guidance on what makes a good password.

3.7.3. The NCSC Password Policy Infographic also explains how passwords are discovered & how system security policies can help.

### **3.8. Reduce Reliance on passwords**

3.8.1. Yeovil College uses single sign-on (SSO) where available to reduce the number of passwords users are required to remember & enter. This is where systems read the account details of the PC you are logged into to, which then automatically log you in a system (if you have the rights associated permissions).

### **3.9. Multi Factor Authentication (MFA) or Two Factor Authentication (2FA)**

3.9.1. Multi-Factor Authentication (MFA) will be used to improve the security of Yeovil College user accounts.

- 3.9.2. Users will be required to register a personal device such as a mobile phone, to confirm their identity against MFA or 2FA logins.
- 3.9.3. Users will be asked to enter a code sent to their phone or authenticate on the App, when logging in from outside Yeovil College's network.
- 3.9.4. Users must use Multi Factor Authentication or Single Sign On services for any cloud-based logins that provide access to college resources or data.
- 3.9.5. In cases where users do not have access to a mobile phone, they should contact IT Services to request a solution.

### **3.10. Password Managers**

- 3.10.1. A password manager is an App on a device or a web browser service that stores passwords securely, so users do not need to remember all their passwords. They can also create random, unique passwords for use when creating a new password or change an existing one. These are often a paid for resource or software that the college would recommend.
- 3.10.2. Yeovil College would recommend learners to use a password manager, to support safer password management.
- 3.10.3. Yeovil College supports staff within key departments, using a password management service. Staff are welcome to call the IT Helpdesk for advice on password management or request access to this service. Any associated costs will need to be agreed and budgeted for at department level.

### **3.11. Communication Systems**

- 3.11.1. Yeovil College uses electronic communication methods to conduct official and legal College business. Communicating to staff and learners via electronic communication methods will speed the delivery of information and will offer sustainable and financial savings, by reducing mailing costs. All Users are given the appropriate account(s) to access these communications. Recipients will be expected to read all electronic communication relating to College business and when necessary, act as a result of communications received from the College. It is expected that staff and learners will monitor their College electronic accounts often, to receive the most up-to-date information from the College.

3.11.2. Full details are covered under the communications policy.

### **3.12. Data Security**

3.12.1. To ensure data security, the College has a clear screen & desk policy.

3.12.2. This means:

- Users must lock the PCs EVERY TIME they leave their computer or desk, even if it is only for a short period.
- All printed documents with personal information must be kept in a locked draw or cabinet EVERY TIME Users leave their desk.
- Passwords must never be shared. If someone else needs access to documents, emails, systems etc. Users must contact the IT Helpdesk for advice.
- Users must not save any files or folders on College desktop screens. Users must save in the appropriate spaces i.e. OneDrive, Teams, Moodle and SharePoint systems. These resource spaces are backed up / version controlled to help protect college and user data. Yeovil College takes no responsibility for files or folders saved incorrectly on college desktop screens. Yeovil College has the right to delete any files and folders saved incorrectly, without notice.

3.12.3. Documents and data containing personal data must never be taken, copied, or downloaded onto personal computers or systems outside of the College's network. Refer to the P27 Data Protection Policy<sup>3</sup> for more details.

### **3.13. Monitoring and Logging**

3.13.1. Yeovil College monitors and logs data for all IT Resources, including web services.

3.13.2. Monitoring and logging include:

- Login / logout.
- Location login / logout.
- File activity.
- Internet activity.
- Communication.

---

<sup>3</sup> Available at <https://www.yeovil.ac.uk/policies-reports/>

- Location tracking of equipment.
- Screen capture or monitoring.

3.13.3. By logging into IT Resources, Users agree that data identifying users as an individual can be securely stored and used by Yeovil College to investigate breaches of this policy.

3.13.4. Where officially requested, data may be sent to local authorities for criminal investigations.

### **3.14. Safeguarding and Prevent**

3.14.1. The following activity is actively monitored and logged as part of the College's responsibility towards multiagency safeguarding and PREVENT agendas:

- The information which may lead to potential terrorism or extremist activity such as sites categorised as:
  - Intolerance
  - Personal Weapons
  - Terrorism
  - Violence
- The information which may lead to a potential risk to young people or vulnerable adult's Internet activity including sites categorised as:
  - Adult entertainers
  - Adult sites
  - Child abuse
  - Pornography
  - Restricted to adults
  - Anonymous chat websites

3.14.2. Logs and information relating to Safeguarding or Prevent will be shared with the College's trained Safeguarding / Prevent team and may be shared with local authorities for further investigation.

### **3.15. Online Safety**

- 3.15.1. The College has a responsibility to comply with the filtering and monitoring requirements as set out in Keeping Children Safe in Education and the DFE Filtering & Monitoring Standards, IT Services will ensure compliance is maintained.
- 3.15.2. All staff need to be aware of reporting mechanisms for safeguarding and technical concerns. They should report any of the following to IT Services immediately.
- they witness or suspect unsuitable material has been accessed
  - they can access unsuitable material
  - they are teaching topics which could create unusual activity on the filtering logs
  - there is failure in the software or abuse of the system
  - there are perceived unreasonable restrictions that affect teaching and learning or administrative tasks
  - they notice abbreviations or misspellings that allow access to restricted material
  - they notice the misspelt address diverts them to a phishing login page or similar service
- 3.15.3. Yeovil College operates an effective filtering system that blocks internet access to harmful sites and inappropriate content. It should not and will not unreasonably impact teaching and learning or college administration. If perceived unreasonable restrictions are observed, please contact IT Services.
- 3.15.4. IT Services provide and share at minimum, monthly reports and information relating to filtering practices with relevant Designated Safeguarding Leads (DSL) and supporting departments for the purposes of safeguarding and compliance in accordance with Keeping Children Safe in Education (KCSIE).
- 3.15.5. IT Services have technical responsibility for:
- maintaining filtering and monitoring systems
  - providing filtering and monitoring reports
  - completing actions following concerns or system checks
- 3.15.6. IT Services will perform regular routine testing and updating of the filtering and monitoring systems to ensure their effectiveness. Annual reviews of the filtering and monitoring solutions will be held with the DSL and senior leadership team.
- 3.15.7. All users are responsible for safeguarding college data and systems by adhering to cybersecurity protocols, staying vigilant against phishing attempts, and promptly reporting any suspicious emails or activities to the IT Services department.
- 3.15.8. Additional cybersecurity training will be offered to staff who are considered at high risk based on previous interactions with phishing campaigns ran by IT Services.

### **3.16. Vandalism**

- 3.16.1. Acts of vandalism are taken very seriously. Anyone caught vandalising IT Resources will result in disciplinary proceedings (in line with the Learner Disciplinary Policy for students, which include steps for referral of matters to the police where conduct may also constitute a criminal offence, or the Disciplinary and Grievance Policy for staff) and/or legal proceedings.

- 3.16.2. Any costs incurred repairing or replace vandalised equipment will be charged to anyone caught vandalising IT Resources.
- 3.16.3. To minimise the risk of accidental damage to IT equipment, Food & Drink is not permitted in any Learning Resource area, computer suites, or while working on college IT equipment.
- 3.16.4. Users are not permitted to unplug or move any non-mobile IT Resources. If the non-mobile IT Resources is required to be moved, please contact IT Services for support.

### **3.17. Online Etiquette, Offensive Content, Bullying and Harassment**

- 3.17.1. When using IT, all users must uphold the same standards of conduct and behaviour that would be expected at all other times whilst working or studying at the College.
- 3.17.2. For example, the use of IT to create, share, or distribute offensive content, or to bully or harass others is not permissible, and would result in disciplinary action (in line with the Learner Disciplinary Policy for students, which include steps for referral of matters to the police where conduct may also constitute a criminal offence, or the Disciplinary and Grievance Policy for staff).
- 3.17.3. Similarly, the use of IT to attempt to cheat, plagiarise, falsify work, or act in any other way that breaches academic regulations or the principles of academic integrity is not permissible, and would result in disciplinary action (in line with either the Academic Misconduct Procedure or the Learner Disciplinary Policy for students<sup>4</sup>, which include steps for referral of matters to the police where conduct may also constitute a criminal offence, or the Malpractice and Maladministration Policy<sup>5</sup> or Disciplinary and Grievance Policy for staff).

### **3.18. Software**

- 3.18.1. Users are not permitted to install software on any IT Resources, including running portable applications.

---

<sup>4</sup> Available at <https://www.yeovil.ac.uk/policies-reports/>

<sup>5</sup> Available at <https://www.yeovil.ac.uk/policies-reports/>

- 3.18.2. The installation of software applications can be requested via the IT Helpdesk. All requests must follow the Software Licensing and Management Policy<sup>6</sup> and any cost associated must be agreed and budgeted for, prior to an agreement to purchase.
- 3.18.3. Cloud based software and services may require a Data Sharing Agreement, where College data is stored externally to the College. This procedure is covered under the Data Protection Policy and must be completed by the system owner.
- 3.18.4. Use of cloud-based software applications which stores personal information of staff or learners must be approved by the Data Protection Officer and the IT Services Manager.

### **3.19. Viruses & Malware**

- 3.19.1. Yeovil College uses several layers of security systems to protect data and IT Resources from viruses and malware.
- 3.19.2. Users must report immediately to the IT Helpdesk if a virus has been identified on an IT Resource. Make sure the IT Resource is turned off and the location is noted to the IT Helpdesk.
- 3.19.3. Attempts to circumvent any security systems, including Anti-Virus software will result in disciplinary and/or legal action (in line with the Learner Disciplinary Policy for students, which include steps for referral of matters to the police where conduct may also constitute a criminal offence, or the Disciplinary and Grievance Policy for staff).
- 3.19.4. Attempts to execute files, scripts or code known to be malicious will result in disciplinary and/or legal action (in line with the Learner Disciplinary Policy for students, which include steps for referral of matters to the police where conduct may also constitute a criminal offence, or the Disciplinary and Grievance Policy for staff).

### **3.20. Internet Access**

- 3.20.1. The College internet access is provided via the JANET National network. While using the internet, all Users agree to the [JANET Acceptable Use Policy](#).

---

<sup>6</sup> Available at <https://www.yeovil.ac.uk/policies-reports/>

- 3.20.2. Yeovil College's Social Media Policy<sup>7</sup> details acceptable online behaviours and electronic communication and the additional responsibilities which you must accept before accessing Social Media sites.
- 3.20.3. The College uses a web filtering solution to block access to websites which may contain inappropriate content, non-educational content or present a security concern. Just because the content is not filtered does not mean it is OK to access. If Users feel they have accessed something by mistake which is inappropriate on a college network, please contact the IT helpdesk asap.
- 3.20.4. All Users must only access web resources where it relates to the academic or business requirement, for educational purposes only.
- 3.20.5. All Users must not deliberately or knowingly seek to access material that is illegal and/or without proper licensing.
- 3.20.6. All Users must exercise considerable care and responsibility when browsing the internet, considering search terms that are trying to be accessed.
- 3.20.7. The College monitors and logs all usage of the Internet.
- 3.20.8. Downloading or streaming of copyrighted material which is not licenced to view/access, may result in disciplinary or legal action (in line with the Learner Disciplinary Policy for students, which include steps for referral of matters to the police where conduct may also constitute a criminal offence, or the Disciplinary and Grievance Policy for staff).
- 3.20.9. The use of Peer-to-Peer software including BitTorrent is not permitted to run while connected to any Yeovil Colleges networks.
- 3.20.10. Access to the Dark Web or Tor Networks is not permitted while connected to any Yeovil Colleges networks.
- 3.20.11. All Users must not connect or tether to any IT Resources to any other networks or internet connections without written approval from the IT Services.

---

<sup>7</sup> Available at <https://www.yeovil.ac.uk/policies-reports/>

- 3.20.12. Misuse of Yeovil Colleges Internet Access or any attempt to circumvent security systems, including web filtering, may result in banned access, disciplinary and/or legal action (in line with the Learner Disciplinary Policy for students, which include steps for referral of matters to the police where conduct may also constitute a criminal offence, or the Disciplinary and Grievance Policy for staff).
- 3.20.13. Exam user accounts will be removed from having internet access, unless stipulated in the testing process.

### **3.21. Bring Your Own Device (BYOD) / Personal Devices**

- 3.21.1. **Users** may connect their own devices to the College **Campus** WIFI service, using their **User Account** details. The corporate WIFI (YCWifi) services should not be accessed.
- 3.21.2. **Users'** Own Devices may be connected by Campus WIFI only. Connecting via Ethernet cable is not permitted under any circumstances.
- 3.21.3. The activity of **Users'** Own Devices is monitored and logged. Devices may be blocked if in breach of this policy or considered to be a security risk.
- 3.21.4. IT Services are unable to support **Users'** own devices, including the recovery of data. If experiencing issues, with wireless configuration or joining our WIFI, please contact the IT helpdesk.
- 3.21.5. Personal Hotspots or Bring Your Own Network (BYON) is not permitted.
- 3.21.6. Use of anonymizing, VPN or proxy software is not permitted on any of Yeovil Colleges networks.
- 3.21.7. Own devices are used, connected, and configured at the **Users'** own risk.
- 3.21.8. BYOD devices must have the latest operating system versions and all critical and important application updates installed within 14 days of release by the manufacturer before connecting to Yeovil colleges systems or data. This is a requirement for Cyber Essentials certification and must be strictly adhered to.

- 3.21.9. Software designed to log or bypass network security must **not** be connected, stored or ran on the colleges network.
- 3.21.10. Vintage or obsolete devices which no longer receives updates, must **not** be used to access Yeovil College systems or data.
- 3.21.11. BYOD devices must be running an un-modified version of the manufactures supported operating system, Jailbroken devices must not be used to access Yeovil Colleges systems or data.
- 3.21.12. BYOD devices must have a timeout password / PIN code set to automatically lock after no longer than 10 minutes of inactivity.
- 3.21.13. BYOD devices must be configured with separate login profiles where possible, so Yeovil College systems and data are kept away from personal usage.
- 3.21.14. **Users'** must not try to navigate around security measures put in place by Yeovil College. The CAMPUS WIFI is designed for educational internet services only.
- 3.21.15. Users who wish to bring their own chargers for personal electronic devices must ensure they are from reputable and quality-tested brands. There have been many reported instances where dangerous or counterfeit products purchased from online vendors have caused damage to property, equipment, harmed users, or even led to fires.
- 3.21.16. Any user who wishes to use their personal electronic chargers must ensure that there is no physical damage present, including cracks to the housing, fraying of cables, melting or scorching or any other imperfections not as designed by the manufacturer. If a user is unsure of this, they should not use the product and seek advice from IT Services.
- 3.21.17. A reputable brand of consumer electronics will have a valid and signed EU Declaration of Conformity for that product. Having a valid and signed EU Declaration of Conformity indicates that the product meets all the necessary requirements of the legislation applicable to the specific product, including usage of the CE marking.
- 3.21.18. Many products require CE marking before they can be sold in the EU. CE marking indicates that a product has been assessed by the manufacturer and deemed to meet EU safety, health and environmental protection requirements. It is required for products manufactured anywhere in the world that are then marketed in the EU.

3.21.19. The general principles of the CE marking are contained within Regulation (EC) No 765/2008, which sets the requirements for accreditation relating to the marketing of products.

### **3.22. Working from Home**

3.22.1. While working away from the Yeovil College, special considerations must be made by Users working environment and the people around you, ensuring data and individual security.

3.22.2. Data containing personal or sensitive information must not be taken out of the College unless encrypted and agreed by the systems owner.

3.22.3. Users must assess their environment and position of screens so they cannot be viewed by others.

3.22.4. IT Resources must not be connected to unsecured public WIFI networks.

- Further guidance on the use of public WIFI is available from the [NCSC website](#).

3.22.5. Portable college equipment that has been purchased by IT Services, has remote access to the colleges Domain. This utilises the Colleges installed VPN service, which should not be tampered with, or changed.

3.22.6. Remote access is also available on the Remote Desktop service for business support departments only. This utilises MFA for additional security at user log on.

3.22.7. VPN access is not available for personal devices.

3.22.8. Users are required to provide a mobile phone number or download a mobile app to receive a Multi-Factor Authentication (MFA) code to access college systems from outside of the office.

- College mobile phones will not be issued for specifically for MFA purposes. In some special cases, users do not have access to a personal device. Please contact IT Services for a possible loaned equipment to support this security requirement. This is a token key that will be able to give a unique passcode.

### **3.23. Loan Equipment**

- 3.23.1. IT Resources may be available for Users to take off-site. IT Services manage all staff loan equipment and learners are managed by the Learning Resource Centre and the iZone team.
- 3.23.2. A Loan Agreement Form must be signed, agreeing to the terms and conditions of the loan, before any loaned IT Resources are taken off-site. If the user is under the age of 18-year-old, a parent or guardian must sign the Loan Agreement Form before the equipment can be released to the user.

## **Using IT Appropriately at Yeovil College**

There are rules that Yeovil College expects all students to follow to ensure they are using technology appropriately during their learning. Key rules are outlined below, and the College's 'Acceptable Use of IT Policy' sets out these rules in more detail. It is important that students read and understand these rules. Failure to follow these rules would result in a range of disciplinary consequences, including under the Learner Disciplinary Policy, the Academic Misconduct Procedure, or potential legal action or criminal proceedings if a student's misuse of IT also constitutes a criminal act.

### **THESE RULES APPLY TO:**

- All students whilst at College, no matter whether they are using a College device or their own.
- All students undertaking College activity off-site (e.g. a trip, or learning in the workplace), no matter whether they are using a College device or their own.
- All students using a College device or accessing the College network, at any time, no matter where they do this from.

### **STUDENTS MUST**

- Keep their user information, including their password, safe at all times. This information shouldn't be shared with others.
- Treat equipment and the College IT network with respect.
- Use IT responsibly to support their learning, as directed by their teachers. (E.g. students should not be on Social Media in lessons when they're meant to be working on tasks or taking notes).
- Inform a member of staff immediately if they accidentally access unsuitable material, believe their account has been compromised, or are concerned by something they have seen or experienced.
- Be aware that College keeps logs of all software usage and websites visited using College systems (including College WiFi), as well as emails and messages sent and received using College systems.
- Read the Acceptable Use of IT Policy for full details of what is and is not acceptable behaviour.

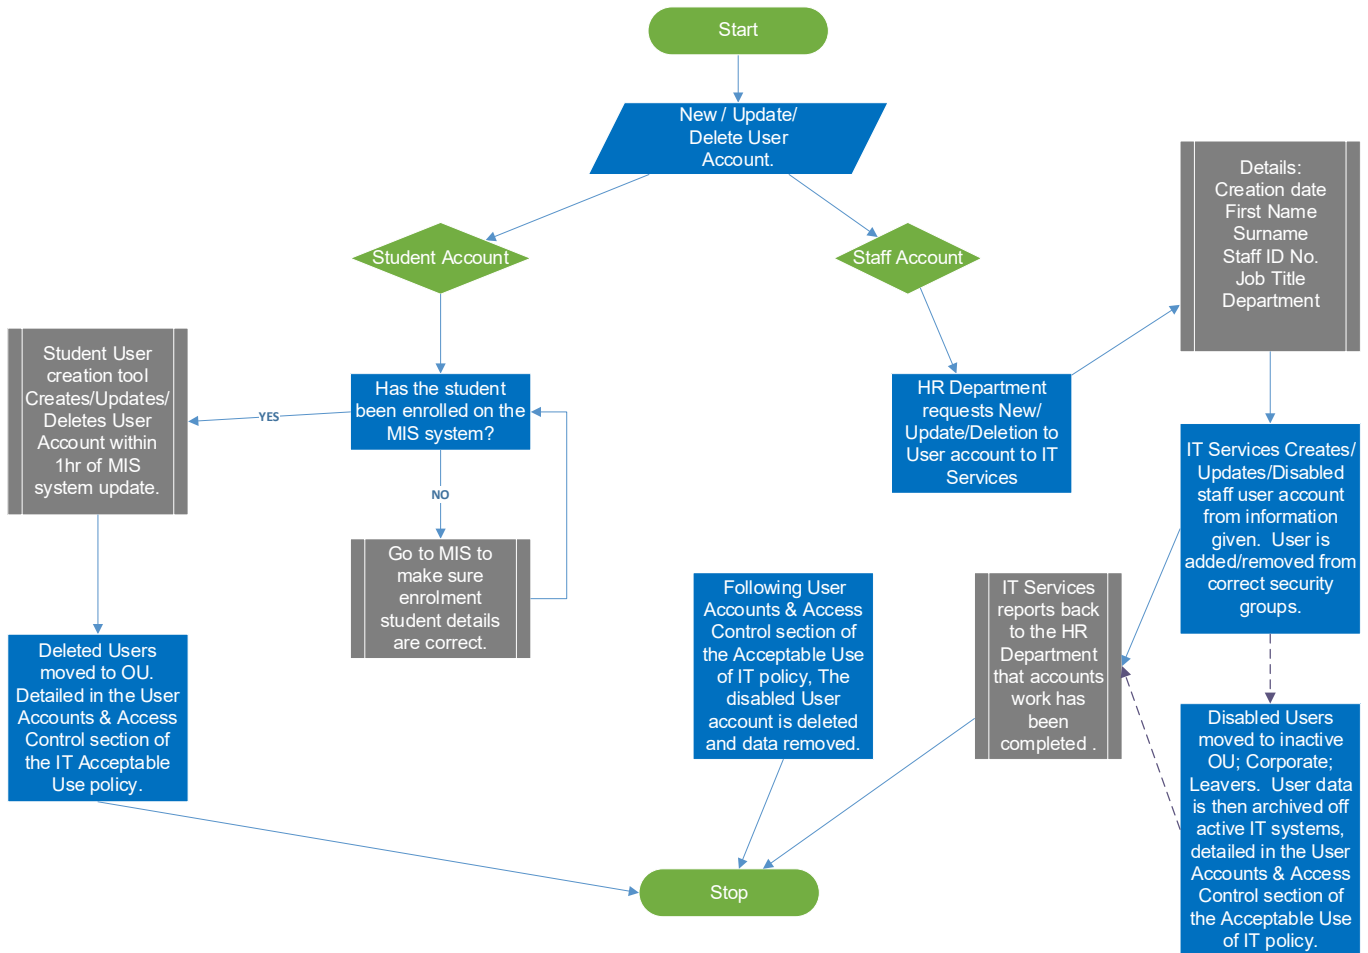

### **STUDENTS MUST NOT**

- Access, share or create inappropriate material, including things that could offend other people.
- Take pictures or record other people without their permission.
- Use a device that is logged on by someone else, nor interfere with someone else's files or

account.

- Harass or bully other people.
- Use College systems to store personal files or run a private business.
- Deliberately try to bypass College filters or safeguards, nor attempt to download or install other programmes onto a College device.
