### Yeovil College achieves runner's up for Innovator of the Year!

We are excited to announce that we achieved runner's up for Innovator of the Year for the Equity, Diversity and Inclusion Heroes Awards, supported by the Skills and Education Group. This award recognises organisations that have implemented innovative networks or diversity programmes to support those who work or learn within them. These programmes make an impact on the future development of individuals personally, professionally or in the learning environment. We are incredibly grateful to one of our employers who put us forward as a nomination for the work we have done around the local area, supporting learning disabilities into work and education. We look forward to continuing championing diversity and inclusion within our organisation and the education sector.

### May Open Event

Our final open event of this academic year is taking place on Thursday 22nd May, 5:00-7:00pm! If you're unsure about your choice for September and would like to reconfirm, or simply want another explore of the site, please make sure to register your place to attend [here](#).
