## YC Careers News | Term 1

Welcome to term one of the new academic year! Whether your young person is returning for another year, or just starting out, we're there for them and you every step of the way. Please read on for advice, important information and key dates.

### Supporting young people in education

Starting college can be a big challenge for some young people, but Yeovil College is here to help. Your young person can speak to their tutor, lecturers and the student support team about any worries. We have also partnered with Wisdom to provide a Student Assistance Programme, which is 100% online and available for all of our students to access at any time, for any reason. Find out more [here](#).

### Summer Rewind

We've been busy working on our Big Build, and we're pleased to announce that our Institute of Sport is nearing completion. This new build will hold the brand-new sports hall and gym, giving students access to state-of-the-art facilities. There are still building works going on around the campus, so do excuse the mess while we make your futures even brighter.
